

# Heavy duty, multi metal protection.

We at Sentinel® are proud to offer our **Multi Metal System Protection** to the nation's installers.

**Sentinel® X100** is proven to **easily outperform our competitors** in the protection of metals in central heating systems, **including aluminium**. Plus it's made right here in the UK. So if you want to shield against call backs and protect your honour: **choose Sentinel®**

# SENTINEL®

EXPERTS IN ENERGY EFFICIENCY
